| - Store packs on a clean surface and cover them <br> - Process from multiple packs at the same time <br> - Follow the Vandersanden processing guidelines | *All our Coated bricks are only coated on the facing sides. Coated products are specially labeled and recognisable with a " C " logo on the top left-hand side of the <br> packaging. Always check if using coated or non-coated bricks. Match the mortar to the specified initial water absorption. |
